

## Curved Platens Make Printing on Hats a Breeze.

Insta's Model 418 Digital Cap Press is a terrific multi-purpose heat press. Its curved platens are perfectly molded to mirror the curves of a hat & are designed to apply heat transfers onto cap brims & bills. The 418 has also proven to be an effective tool for printing logos and back-neck labels onto flat garments. Its portable, compact design and quiet operation make this heat press perfect for use in a home or retail environment.

## Quality You Can Count On.

The Model 418 has been strategically designed to generate & evenly distribute tremendous pressure throughout the entire platen. And, its cast-in tubular heating element heats the metal from within, which produces constant and long lasting heat. A successful heat transfer application requires 3 key elements to work in tandem— time, temperature & pressure. The Model 418 has mastered those elements and gets the job done every time.

## Specifications:

- Made of cast aluminum for maximum durability.
- Comes with 4.5"x6.75" upper platen and 3.25"x6.75" lower platen.
- Strategically designed cap hold down device.
- Integrated digital controller which features controls for time, temperature (Fahrenheit or Centigrade) & auto-off.
- Protective heat shroud.
- Warranty – Lifetime warranty on the upper heating element, 1 year on parts & 90 days on labor.
- UL, CuL & CE approved. RoHS/WEE compliant.
- Made in the USA.

## Working Space:

- **Depth:** 13.75" (34.92 cm)
- **Width:** 23" (58.42 cm)
- **Height:** 18.5" (46.99 cm)
- **Power:** 120 volt – 1000 Watts, 8.3 Amps  
230 volt – 1000 Watts, 4.4 Amps
- **Upper Platen Size:** 4.5"x6.75" (11.4 x 17.1 cm)
- **Lower Platen Size:** 3.25"x6.75" (8.25 cm x 17.1 cm) Additional accessory platens available for purchase – 4.5"x6.75"
- **Shipping Weight:** 37 lbs. (16.8 kilos)
